SPS – Industrial Automation Fair (SIAF) Guangzhou and the concurrent Asiamold fair will be held from 3 – 5 March 2021, Area B at the China Import and Export Fair Complex in Guangzhou. Under the umbrella of smart manufacturing, SIAF Guangzhou is the premier hub for intelligent industrial automation solutions in South China, while Asiamold covers an array of forming solutions including plastic injection, mould-making and 3D printing technologies. Together, both fairs will play host to approximately 660 exhibitors across 40,000 sqm. Furthermore, the fairs will feature over 90 seminars and forums to cover the latest industry news and market insights in the industrial automation, mould-making and 3D printing space.

Mr Hubert Duh, Chairman of Guangzhou Guangya Messe Frankfurt Co Ltd commented on behalf of the organisers: “The on-going pandemic continues to amplify the benefits of modern automation, connectivity, digitisation and related intelligent production technologies which are proven to increase output for production line operators. What’s more, with innovation and advanced manufacturing being top national priorities highlighted in China’s latest Five-Year Plan, through SIAF Guangzhou and Asiamold, we hope to support this by converging industrial automation, mould making, 3D printing and die casting solution providers within manufacturing sectors across Asia under one roof to further expedite business connections and drive the industry forward.”

SIAF Guangzhou and Asiamold fair highlights at a glance

The three-day events are dedicated to presenting innovations for the smart manufacturing industry in South China. Both fairs will demonstrate the latest technological advancements in industrial automation. Accelerated by the pandemic, smart manufacturing solutions continue to promote the long-term benefits and adoption of digital factories, digital transformation, data transactions, 3D printing technologies and mould-making technologies. Concurrent events add to experience of exhibitors and visitors

In addition to the exhibition, interactive seminars and networking events are equally important at SIAF Guangzhou and Asiamold. In response to a series of national policies and initiatives on raising domestic production and technological innovation standards, topics including 5G, digital factories, digital transformation, data transactions, 3D printing technologies and mould-making technologies are all hot-button topics within the world of production, particularly in China, and will be covered at the fairs. Featuring over 90 seminars and forums, exhibitors and visitors will have the opportunity to discuss the latest technological advancements, technologies and products. The upcoming fairs will cast a spotlight on the following topics:

- Drive and Control 'Dialogue with Hidden Champion' Seminar Series
- 'Intelligent Manufacturing + Internet of Things' Forum
- Time-Sensitive Networking Technology and Applications (TSN/A) Conference
- OPC UA Seminar – The Key Standard to Realise the Interconnection of All Things in Industry
- Digital Factory and Manufacturing Application Seminar
- Industrial Software and Industrial Internet Innovation Forum
- Future Prospects for Measurement and Control Accelerating Digitalisation in Manufacturing - IIFES Seminar
- Smart Industry Solutions Seminar
- TnPM Summit and Equipment Intelligent Maintenance Seminar
- The 2nd Industrial Moulding Summit on Automotive Moulding Technologies
- The 2nd Industrial Moulding Summit on Smart Plastic Injection Moulding Technologies

Extra health care and hygiene precautions will be in place

As trade fair organisers, Messe Frankfurt's top priority remains the health and safety of fairgoers. To ensure that visitors and exhibitors are meeting in a hygienic and safe environment, added measures will be in practice at the fair. These include: real-name authentication at registration, onsite temperature checks, frequent sterilisation of public areas and distancing measures for conference / seminar audiences, amongst others.

SPS – Industrial Automation Fair Guangzhou is jointly organised by Guangzhou Guangya Messe Frankfurt Co Ltd, China Foreign Trade Guangzhou Exhibition General Corporation, Guangzhou Overseas Trade Fairs Ltd and Mesago Messe Frankfurt GmbH. Associate sponsors are the Guangdong Association of Automation, the Guangzhou Association of Automation, the Guangzhou Instrument and Control Society, China Light Industry Machinery Association, China Chamber of International Commerce and Guangzhou Chamber of Commerce.
